Telex: 77-6449

May 17, 1978

Mr. D. Muse
11188 Glenis
Sterling hts, MI 48077

Dear Mr. Muse:

Reference is made to your inquiry about our Electra Van. I want to thank you for your interest in our product.

The enclosed material will answer most of the questions regarding the Electra Van. Equally important, I would like to emphasize that all of the advisory, production, sales and economic personnel of our company are very experienced in this field. We have in the past twenty years under different corporate identities, built hundreds of thousands of small utility vehicles.

The accomplishments to date of the Electra Van have not been exceeded by any vehicle tested in the U.S.A. today, using the standard SAE J 227 test procedure. All stated tests were conducted either by agencies of the U.S. Government or Independent Testing Laboratories.

The Electra Van is available to the public for the price of \$7,995.00 FOB Austin, Texas. Delivery time is approximately 10 days upon receipt of a purchase order.

For further information, please call me direct at this number: (512) 443-4795.

Sincerely,

Bill F. Bales
Marketing Manager
